

Potable Water Reuse in Texas

Current Potable Reuse Facilities & Future Direct Potable Reuse Projects in the 2022 State Water Plan

-  Regional water planning areas
-  Texas counties
-  Recommended Direct Potable Reuse Projects in the 2022 State Water Plan

This map may not represent all potable reuse projects or all planned direct potable reuse projects in Texas. De facto reuse occurs in watersheds that have permitted treated wastewater outfalls upstream of public water intakes.

Project data are from the 2021 Regional Water Plans and the 2022 State Water Plan, authorizations, personal communications, and research.

Locations are approximations.

Current Potable Reuse Facilities

Type, status

-  Direct, operational
-  Direct, designing
-  Indirect, operational
